**WHAT TO SAY IN YOUR LETTER? Take your lead from below. No need to say everything. Choose some things that you feel are really important and put why you object in your own words!**

### **TRAFFIC AND ROAD SAFETY**

- Our roads are already overwhelmed - Ashlawn Road, Hillmorton Road, High Street, and Crick Road are gridlocked daily.
- Six serious collisions in just six months - including one fatal.
- Every extra car adds to the daily risk - protect our children, families and older members of our community.

### **UNSAFE ROADS: BARBY LANE & KILSBY LANE**

- Not designed for heavy traffic - narrow, no proper footpaths, already dangerous.
- More vehicles will make these routes even more treacherous for walkers, cyclists, and families.

### **PRESSURE ON LOCAL SCHOOLS**

- Hillmorton's schools are already stretched to breaking point.
- Even planned expansions will NOT cope with the extra pressure.
- More families will face school place shortages, pushing children miles away from their own community.

### **NOT ENOUGH LOCAL AMENITIES**

- Doctors' surgeries, dentists, nurseries, and community facilities are already full.
- There is no clear plan to expand health services or local shops to cope with thousands of new residents.
- We will be left fighting for appointments, services, and basic resources - this is not sustainable.

### **PERMANENT DAMAGE TO OUR ENVIRONMENT**

- Hundreds of homes mean the destruction of vital green spaces and natural habitats.
- Local wildlife - hedgehogs, birds, foxes - will be wiped out.
- Air pollution will skyrocket, risking our children's health and harming everyone.

FROM ONE RESIDENT TO ANOTHER.

**URGENT!**

**Say NO to 775 New Houses in Hillmorton!**

It will have a serious and lasting impact on everyone in our community.

Please write your own, unique letter of objection - even a few sentences can make a huge difference.

One per person, not one per household.

Send your letter to: [localplan@rugby.gov.uk](mailto:localplan@rugby.gov.uk)

Your voice matters. Your family's future matters. Our community matters.
